Shall the Missouri Constitution be amended to:

- establish limits on campaign contributions by individuals or entities to political parties, political committees, or committees to elect candidates for state or judicial office;
- prohibit individuals and entities from intentionally concealing the source of such contributions;
- require corporations or labor organizations to meet certain requirements in order to make such contributions; and
- provide a complaint process and penalties for any violations of this amendment?

It is estimated this proposal will increase state government costs by at least \$118,000 annually and have an unknown change in costs for local governmental entities. Any potential impact to revenues for state and local governmental entities is unknown.

- create a fee paid by cigarette wholesalers of 67 cents per pack of 20 on certain cigarettes, which fee shall increase annually; and
- deposit funds generated by these taxes and fees into a newly established Early Childhood Health and Education Trust Fund?

When cigarette tax increases are fully implemented, estimated additional revenue to state government is \$263 million to \$374 million annually, with limited estimated implementation costs. - use funds generated by these taxes exclusively to fund transportation infrastructure projects; and
